### Programme Outcomes, Programme Specific Outcomes and Course Outcomes

#### Programme Outcomes

Programme	Programme Outcomes
B.A.	<ol style="list-style-type: none"><li>1. To increase ability to practice human values</li><li>2. To make Responsible &amp; sensible citizen.</li><li>3. To promote critical thinking and application Knowledge</li><li>4. Engagement in community work and global understanding.</li></ol>
B.Sc.	<p>Knowledge and understanding of:</p> <ol style="list-style-type: none"><li>1.The range of plant diversity in terms of structure, function and environmental relationships. The evaluation of plant diversity. Plant classification and the flora of Maharashtra. The role of plants in the functioning of the global ecosystem. A selection of more specialized, optional topics. Statistics as applied to biological data.</li><li>2.Practical skills: Students learn to carry out practical work, in the field and in the laboratory, with minimal risk. They gain introductory experience in applying each of the following skills and gain greater proficiency in a selection of them depending on their choice of optional modules. Interpreting plant morphology and anatomy. Plant identification. Vegetation analysis techniques. A range of physiochemical analyses of plant materials in the context of plant physiology and biochemistry. Analyze data using appropriate statistical methods and computer packages. 6. Plant pathology to be added for sharing of field and lab data obtained.</li><li>3.Scientific Knowledge: Apply the knowledge of basic science, life sciences and fundamental process of plants to study and analyze any plant form.</li><li>4.Problem analysis: Identify the taxonomic position of plants, formulate the research literature, and analyze non reported plants with substantiated conclusions using first principles and methods of nomenclature and classification in Botany.</li><li>5.Design/development of solutions: Design solutions from medicinal plants for health problems, disorders and disease of human beings and estimate the phytochemical content of plants which meet the specified needs to appropriate consideration for the public health</li><li>6.Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern instruments and equipments for Biochemical estimation, Molecular Biology, Biotechnology, Plant Tissue culture experiments, cellular and physiological activities of plants with an understanding of the application and limitations</li><li>7.The Botanist and society: Apply reasoning informed by the contextual knowledge to assess plant diversity, its importance for society, health, safety, legal and environmental issues and the consequent responsibilities relevant to the biodiversity conservation practice.</li><li>8.Environment and sustainability: Understand the impact of the plant diversity in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.</li><li>9.Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.</li><li>10. Students should understand the analytical techniques in chemistry.</li><li>11. Students can acquire basic knowledge separation science and solvent extractions</li></ol>

12. Improvement in the basic knowledge of preparation of dyes & drugs and their applications in everyday life.
13. Students acquire the knowledge of extraction some natural drugs, pigments and they are environmentally friendly keeping green approach in mind.
14. Understand the impact of the chemicals in societal and environmental contexts, and demonstrate the knowledge and need for sustainable development.

### Programme Specific Outcomes

Programme	Programme Specific Outcomes
<b>B.A.</b>	
<b>History</b>	<ol style="list-style-type: none"> <li>1) To Acquiring the knowledge of History</li> <li>2) To Study of history from ancient to Modern period.</li> <li>3) To Study the socio- economic, political, religious &amp; cultural aspects of history</li> <li>4) The purpose of the history is to enable the student to understand the important development in the historical research in thematic approach.</li> <li>5) To examine and criticize various revolutions and word war along with their impact on history.</li> <li>8) To understand the application of history with reference to archives, Museum &amp; truism Industry.</li> <li>7) The student will be introduced to the Political, social, economic and religious developments in India during this formative period.</li> <li>8) This course will help the students to understand how India came to be.</li> <li>9) The students will know about the agricultural condition, development of trade and industry as well as the social, religious and architectural Milieu of the period.</li> <li>10) The students will study the accounts of the causes and consequences of the Transformative revolutions which changed the history of mankind.</li> <li>11) The course introduces the students to the political developments which led to the expansion of Maratha power in the eighteenth century.</li> <li>12) They will know the methods of writing history.</li> <li>13) They will understand how a syncretic culture developed in India during the period.</li> <li>14) They will know about some select important Personalities who contributed to the making of the Modern World.</li> <li>15) The course will also introduce the students to the sources of Maratha history.</li> <li>16) The students will be introduced to the technique of collecting data through oral interviews</li> </ol>

<b>Economics</b>	<p>1. To introduce the students to the Indian Economics and environment.</p> <p>2.To develop an understanding of challenges facing by the Indian economy.</p> <p>3.To acquaint the students with structure of the Indian economy, cooperation, environment and changes taking place there.</p> <p>4.In those days globalisation [liberalisation and privatisation] is the backbone of new economic policy. So students study the LPG policy in this programme and create his own opportunities of employment business and also self employment.</p> <p>5.Study economics and learn about economic theory, develop students skills of logical thinking and pickup some great interpersonal skills along the way.</p> <p>6.Economics apply to most aspects of everyday life.</p> <p>7.By studying the Economics you will examine topics of obvious importance to human well being.</p> <p>8.Economics is applicable in a wide range of fields including-</p> <ol style="list-style-type: none"> <li>Business</li> <li>Finance</li> <li>Administration</li> <li>Law</li> <li>Local and national government</li> <li>Cooperations.</li> <li>Environment</li> </ol> <p>9.Economics is more than just a subject it is the way of thinking. Economics provides logical way of looking at a variety of issues. Practice the analytical techniques employed in economics and learn to develop students is that General literacy, Communication and numeracy skills, Skills of abstraction, Skills of logical deduction, Critical thinking.</p> <p>10.Studying of economics provides insights into</p> <ol style="list-style-type: none"> <li>The general environment of resources allocation decisions.</li> <li>Opportunity costs and trade-offs</li> <li>Projects evaluation and government policy</li> </ol> <p>11.Economics graduates make great employees because employers are particularly keen on graduates with good analytical and problems solving skills. Training in economics emphasis there skills to students.</p> <p>12.The wide range of skills developed through studying economics(Degree) opens up many, diverse career opportunities for graduates.</p> <p>13.Economics is the study of how people deploy resources and to meet human needs.</p>
<b>B.Sc.</b>	
<b>Botany</b>	<p>CO1. Critically evaluation of ideas and arguments by collection relevant information about the plants, so as recognize the position of plant in the broad classification and</p>

	<p>phylogenetic level.</p> <p>CO2. Identify problems and independently propose solutions using creative approaches, acquired through interdisciplinary experiences, and a depth and breadth of knowledge/expertise in the field of Plant Identification.</p> <p>CO3. Accurately interpretation of collected information and use taxonomical information to evaluate and formulate a position of plant in taxonomy.</p> <p>CO4. Students will be able to apply the scientific method to questions in botany by formulating testable hypotheses, collecting data that address these hypotheses, and analyzing those data to assess the degree to which their scientific work supports their hypotheses.</p> <p>CO5. Students will be able to present scientific hypotheses and data both orally and in writing in the formats that are used by practicing scientists.</p> <p>CO6. Students will be able to access the primary literature, identify relevant works for a particular topic, and evaluate the scientific content of these works.</p> <p>CO7. Students will be able to apply fundamental mathematical tools (statistics, calculus) and physical principles (physics, chemistry) to the analysis of relevant biological situations.</p> <p>CO8. Students will be able to identify the major groups of organisms with an emphasis on plants and be able to classify them within a phylogenetic framework. Students will be able to compare and contrast the characteristics of plants, algae, and fungi that differentiate them from each other and from other forms of life.</p> <p>CO9. Students will be able to use the evidence of comparative biology to explain how the theory of evolution offers the only scientific explanation for the unity and diversity of life on earth. They will be able to use specific examples to explicate how descent with modification has shaped plant morphology, physiology, and life history.</p> <p>CO10. Students will be able to explain how Plants function at the level of the gene, genome, cell, tissue, Flower development. Drawing upon this knowledge, they will be able to give specific examples of the physiological adaptations, development, reproduction and mode of life cycle followed by different forms of plants.</p> <p>CO11. Students will be able to explain the ecological interconnectedness of life on earth by tracing energy and nutrient flow through the environment. They will be able to relate the physical features of the environment to the structure of populations, communities, and ecosystems.</p> <p>CO12. Students will be able to demonstrate proficiency in the experimental techniques and methods of analysis appropriate for their area of specialization within biology.</p>
<p><b>Chemistry</b></p>	<ol style="list-style-type: none"> <li>1. To promote understanding of basic facts and concepts in Chemistry while retaining the excitement of Chemistry</li> <li>2. To make students capable of studying Chemistry in academic and Industrial courses and to expose the students to different processes used in Industries and their applications.</li> <li>3. To expose the students to various emerging new areas of Chemistry and apprise them with their prevalent in their future studies and their applications in various spheres of chemical sciences.</li> <li>4. To develop problem solving skills in students.</li> <li>5. To developed ability and to acquire the knowledge of terms, facts, concepts, processes, techniques and principles of subjects.</li> <li>6. To develop ability to apply the knowledge of contents of principles of chemistry.</li> <li>7. To inquire of new knowledge of chemistry and developments therein.</li> <li>8. To expose and to develop interest in the fields of chemistry</li> <li>9. To develop proper aptitude towards the subjects</li> <li>10. To develop the power of appreciations, the achievements in Chemistry and role in</li> </ol>

nature and society.

11. To develop skills required in chemistry such as the proper handling of apparatus and chemicals

## Course Outcomes

### Department of History

Class	Course	Semester	Course Outcomes
B.A.-I	Rise of Maratha power(1600-1707)	I	<b>After studying the course the student will be able to...</b> 1. To understand the contribution of chhatrapati Shivaji Maharaj in making of Maratha State. 2. To Understand the historical sources of Maratha History. 3. To understand the role of common people in Maratha independence war.
	Polity , Society and economy under the Marathas( 600-1707)	II	<b>After studying the course the student will be able to...</b> 1. To understand the administration of Marathas. 2 To study economic aspects of Marathas 3. To study the socio-religious aspects of the Marathas. 4. To understand the contribution of Shivaji Maharaj in Agricultural & Management.
B.A.-II	History of Modern Maharashtra -III (1900 to 1960)	III	<b>After studying the course the student will be able to...</b> 1. Understand the beginnings and growth of nationalist consciousness in Maharashtra 2. Explain the contribution of Maharashtra to the national movement 3. Give an account of various movements of the peasants, workers, women and backward classes 4. Know the background and events which led to the formation of separate state of Maharashtra.
	History of Modern Maharashtra -V (1900 to 2000)	IV	<b>After completion of the course, the student will...</b> 1. Acquaint himself with the contribution of eminent leaders of Maharashtra 2. Know about the economic transformation of Maharashtra 3. Understand the salient features of changes in society 4. Explain the growth of education.

**APPOINTMENT LETTER**

Dear Suraj,

This has reference to your interest in taking up a full time employment with Enaltec Labs Pvt. Ltd. which is leading API (Active Pharmaceutical Ingredients) manufacturer & supplier and Formulation R&D.

We are pleased to appoint you joining Enaltec Labs team in N61 Plant, Ambernath location, as Trainee - Chemist on 18<sup>th</sup> March, 2019 as per below mention terms.

**1. Position**

1.1. You will be employed with Quality Control Team in the position of Trainee - Quality Control in addition to your usual duties, you will also perform, observe and conform to such directions and instructions assigned or communicated to you by the Company. As a member of an organization that practices flexibility and continuous improvement in work processes and practices, the Company may from time to time change your duties and responsibilities in its sole discretion.

**2. Location**

2.1 You will be based at the Company's N61 Plant in Ambernath.

2.2 The Company reserves the right to transfer you at any time to any other Location in India or Abroad, and/or to a branch office, subsidiary, affiliate company, department or establishment of the Company, whether in existence on the date of this letter or established or acquired later, provided that the terms and conditions of your employment set forth herein are not adversely affected by such transfer. The Company further reserves the right, subject to applicable laws, to transfer your employment to any other company or legal entity, as part of any transfer of relevant business of the Company or as part of any restructuring or amalgamation or re-organization plan implemented by the Company or by which the Company is bound.

**3. Compensation and Benefits**

3.1. Your gross compensation shall be as set out in Annexure A annexed hereto and will be subject to all statutory deductions that the Company is required to make.

3.2. The Company intends to provide all the applicable statutory benefits and such other benefits that the Company may from time to time decide to provide including (a) Employee Provident Fund, (b) Employee State Insurance (ESI), (c) Pension.

It is however clarified that, except for statutory benefits, such other benefits and entitlements that may be provided to you by the Company are provided to you on a voluntary basis by the Company in accordance with applicable Company policy and hence are liable to be withdrawn or changed from time to time.

## AGREEMENT OF CONFIRMED EMPLOYMENT

To  
Mr. Atul B. Pavaskar  
Satara

Dear Sir/Madam,

We are pleased to inform you that you have been confirmed to the position "Jr. Chemist" w.e.f. 01.08.2020 in the Salary Range of 25K-5K-40K.

Your Gross Salary is of Rs. 25,000/- per month (Basic+HRA+VPA).

Your salary may be reviewed every 12 months and increase based upon satisfactory performance in the position.

As a confirmed staff, you will be entitled to all the privileges those are enjoyed by the company's employees as following -

### 1) Leaves -

The employee will be entitled to fifteen [15] days leave with full pay in one year employment.

This enjoyment of leave will start once the employee is confirmed in the services of the Company. In the event of the employee not enjoying the benefit of leave, the unutilized leaves cannot be encashed nor can it be accumulated. All unutilized balance leaves are considered as lapsed leaves. In the event of sickness of an employee being for an extended period, the said sick leave could be on such terms as the Management may think fit in the given circumstances. Once the employee rejoins the Company after his / her sick leave, he / she is asked to produce a medical / fitness certificate.

### 2) Accident Insurance -

You will be insured with General Insurance Company during your employment. This group insurance will be renewed yearly during your employment with the company. The premium charges of this group insurance will not be deducted from your salary.

LETTER OF RELEASE AND ISSUE OF FRESH CONTRACT TERMS

Dear AKSHAY KRISHNAT KHOT,

Further to our letter dated 21-Nov-17 at Quess Corp Limited, deputed at Client's office / Premises at their locations. We are pleased to extend your fixed term contract of employment on the following terms and conditions:

1. By accepting this fixed term contract of employment you hereby generally and completely release the company from any and all claims, liabilities and obligations, both known and unknown, that arise out of or are in any way related to events, acts, conduct, or omissions occurring prior to or on the date of this Agreement.
  - a. arising out of or related to employment or the termination with Employer;
  - b. related to compensation or benefits from the Employer, including: salary, bonuses, commissions, vacation pay, expense reimbursements, severance pay, fringe benefits, stock, stock options, or any other ownership interests.
  - c. for breach of contract, wrongful termination, and breach of the implied covenant of good faith and fair;
  - d. all tort claims, including claims for fraud, defamation, emotional distress, and discharge in violation of public policy.

This Release covers all claims and causes of action whether known or unknown, whether accruing now or in the future.

2. Your contract has been extended till 31-Dec-20 by the concerned department notwithstanding this in the event of the project/work/deputation for which you are being employed comes to an end before the aforementioned period; this Contract shall be co-terminus with the project/work.
3. Notwithstanding anything above, depending upon the aforementioned project/work/deputation, the company reserves its right to extend your temporary appointment for such period or periods as may be necessary depending upon the exigencies relatable to the work for which you are hereby engaged. In the event, the company shall in writing extend your temporary assignment on the terms as may be indicated in such letter and in the event of your acceptance of such extension of the assignment, you shall be governed by such terms and conditions as may be indicated there in. Your assignment/deputation will be anywhere in India depending upon your qualification and experience and needs of Quess Corp Limited customers at various locations.
